Type of Meeting: Discussion on the vendor and User app for Event Box

1. **Show Nearby Vendors:** Display nearby vendors instead of "Vendor for you."
2. **Multiuser Logins for Invoicing and Billing:** Allow multiple users to access invoicing and billing details, with specific rights assigned to roles like auditors.
3. **Website Dummy Login:** Provide a dummy login for the website.
4. **Profile Skip Option:** Include a skip option in the profile section.
5. **Mandatory Profile Completion:** Profile completion is required at the time of booking to proceed further.
6. **New Arrivals Section:** Display new arrivals separately on the home page.
7. **Hide Vendor Names:** Show only products, not vendor names.
8. **Testimonials:** Add a section for testimonials.
9. **Event Posting:** Allow users to post events in the user app as static information.
10. **Vehicle Details:** Include vehicle details in the user app.
11. **About Us:** Add an "About Us" section.
12. **Black Image Icons:** Change image icons to black.

- 13.**Image Upload Restrictions:** Set restrictions on image size and quality when vendors upload images.
- 14.**Profile Completion Percentage:** Show the percentage of profile completion.
- 15.**Company Type in Profile:** Include company types (LTD, Partnership, Proprietorship, Trust) in the profile.
- 16.**Remove Aadhaar Number:** Remove the Aadhaar number field from the profile.
- 17.**Vendor Profile Approval:** Make vendor profile completion mandatory. Vendors can use the app only after their profile is approved. Upon submission, show a message that approval will take 1-2 business days.
- 18.**Email OTP:** Send OTPs to emails.
- 19.**Share Vendor Details:** Allow sharing vendor details via messages and emails.
